We are excited to announce that The Greenhill Parents' Association will hold its **Annual Gala and Auction on March 8, 2025**. Each year, our Parents' Association hosts this fundraiser with the help of amazing donors like you to raise funds vital to enhancing the learning and social environments for both current students and future generations.

We hope you find the auction an incredible opportunity to promote your business. The following are just some of the benefits you will receive with your tax-deductible product or service donation:

- **Broad Exposure to a Diverse Community:** Your business will reach the families of over 1,300 enrolled students representing 90+ zip codes, nearly 200 faculty members, and a well-established and connected alumni base.
- **Online Visibility:** Your logo will be prominently displayed on the auction website.
- **Event Promotion at the Gala:** Your support will be further recognized at our Gala on March 8, 2025.

All proceeds from the event and auction will benefit the *Growing Stronger Together* Campaign. This campaign has funded the opening of the new Rosa O. Valdes STEM + Innovation Center and will support the future of Athletics with significant enhancements to our facilities. Thanks to the kind generosity of our donors, Greenhill can update and improve its resources as we continue to foster the academic and creative development of all of our students. Your donation will help us fulfill our 2024-2025 school motto, *Excelling Together*.

We would greatly appreciate all donations. Thank you in advance for your consideration. To contribute, please complete the enclosed 2025 Auction Contribution Form and return it via mail or email. You can also fill out the donation form online: bit.ly/greenhillgala2025. We can pick up any physical items from you if requested.

Should you have any questions, want to discuss any ideas about a donation, or wish to inquire about additional exclusive sponsorship opportunities, please do not hesitate to email us at greenhillgala@gmail.com.

Gratefully,
